Speech

Nature of Normal Speech

Development of Speech and Voice and Swallowing

Consideration of children's voices: Understanding age-related processes. Stathopolous, E. March 2002.8-10.

Developmental laryngeal and phonatory anatomy and physiology. Smith, M. E., & Gray, S. D. March 2002. 4-7.

Speech and song in childhood: A symbiotic development. Welch, G. F. July 2002.7-11.

Anatomy and Physiology of the Adult Speech and Swallowing System

Central nervous system control of the laryngeal muscles in humans. Ludlow, C. L. October 2005. 4-14.

Consideration of children's voices: Understanding age-related processes. Stathopolous, E. March 2002.8-10.

Developmental laryngeal and phonatory anatomy and physiology. Smith, M.E. & Gray, S. D. March 2002.4-7.

Neural control of breathing. Zhang, W., & Davenport, P. March 2005. 20-24.

Speech and song in childhood: a symbiotic development. Welch, G.F. July 2002.7-11.

Vocal fold stress in voice overuse and abuse. Jiang, J. & Bless, D. March 2003.3-6.

Speech and Voice Disorders

Physiologically Based Speech and Swallowing Disorders

Common voice disorders in children. Weinrich, B. March 2002. 13-16.

Early vocal signs and symptoms of neurologic disease. Lundy, D. & Goldszlager, M. March 2005.3-8.

Gastroesophageal/extraesophageal reflux and voice disorders in children. Arvedson, J. March 2002.19-21.

Laryngeal function in individuals with Parkinson's disease. Ramig, L., Meyer, T., Fox, C., Blitzer, A., & Tagliati, M. March 2005. 9-15.

Phonation and preservation of communication in Amyotrophic Lateral Sclerosis. Orbelo, D., & Strand, E. July 2005. 3-8.

Spasmodic dysphonia: Etiology and management. Woodson, G. March 2005. 15-19.

Vocal fatigue in individuals with unilateral vocal fold paralysis: An investigation. Kelchner, L. March 2004. 13-15.

Voice and Other Laryngeal Disorders

Common voice disorders in children. Weinrich, B. March 2002. 13-16.

Early vocal signs and symptoms of neurologic disease. Lundy, D., & Goldszlager, M. March 2005.3-8.

Laryngeal function in individuals with Parkinson's disease. Ramig, L., Meyer, T., Fox, C., Blitzer, A., & Tagliati, M. March 2005.9-15.

Spasmodic dysphonia: Etiology and management. Woodson, G. March 2005.15-19.

Vocal fatigue in individuals with unilateral vocal fold paralysis: an investigation. Kelchner, L. March 2004.13-15.

Assessment and Intervention

Assessment

A collaborative approach to the diagnosis and treatment of child voice disorders. VonBerg, S., & McFarlane, S. C. March 2002. 19-21.

Allergy and the invisible invader. Kinney, L. March 2003. 14-15.

Assessing and managing medically fragile children: Tracheostomy and ventilatory support. Woodnorth, G. H. October 2002. 7-10.

Evaluation of professional voice patients: An otolaryngologist's perspective. Courey, M. July 2003.13-15.

Identification and treatment of voice disorders in a Fortune 500 company. Towey, M. March 2004.15-17.

Instrumental assessment of respiratory and laryngeal function in patients with neurological disorders. Carmichael, C. M. July 2005. 16-20.

Issues in perceptual voice evaluation. Yiu, E. July 2004. 17-20.

Noninstrumental measures of speech and voice: Some yes, some no. Sapienza, C. October 2002.10-14.

Acoustic Measures of Speech and Voice and Swallowing

Acoustic analysis of children's voices. Shrivastav, R. March 2002. 11-12.

Experiences from measuring voice production in professional singers. Sundberg, J. July 2003. 15-20.

Spectral moments analysis of unilateral vocal fold paralysis before and after thyroplasty and voice therapy. Colton, R., Paseman, A., Kelly, R. T., & Casper, J. K. July 2004. 12-14.

Spectrography in the studio/clinic: Time for re-evaluation? Nair, G. July 2003. 20-25.

Subharmonic phonation: Measurement issue or descriptive object? Buder, E. H. July 2004. 8-12.

Vibrato characteristics in prepubescent professional male singers. Carroll, L. M. July 2002. 21-24.

Vibrato: Why study it? Rothman, H. July 2003. 29-31.

Intervention

- Botulinum toxin injection therapy for abductor spasmodic dysphonia. Ludlow, C. March 2004. 10-12.
- Children are singing. Edwin, R. July 2002. 11-14.
- Combined modality treatment of adductor spasmodic dysphonia. Silverman, E. October 2005. 15-17.
- Documenting outcomes in vocal tremor. Dromey, C. March 2004. 6-8.
- Efficacy of voice therapy for vocal fold nodules: Collecting the evidence. Behrman, A. October 2003. 3-6.
